East Lansing

Office of the Registrar

Winter 1955

The following report shows the distribution of student enrollments in on-campus programs at East Lansing and off-campus programs. This report includes both full and part time students with no attempt to show "full time equivalents", however the distribution of on-campus part-time students is shown as the last two items in the report. The Agricultural Training program operates on a regular full-time term basis. The Short Course figures include only those of eight weeks or more duration of full time work.

In addition to the students shown in this report, Michigan State College offers, (1) non-credit on-campus programs, (2) non-credit off-campus programs, (3) many special courses and conferences through the Continuing Education Service, and (4) large numbers of special courses and events through the Cooperative Extension Service.
