Causing a Quiet Riot: MSU's Transformation of Student Academic Advising

Doug McKenna, Associate Registrar for Certification
mckenn62@msu.edu

Kristin Schuette, Associate Registrar for Technology
schuett1@msu.edu

History of Advising at MSU

- All freshmen and sophomores are advised by the Undergraduate University Division (UUD), representing 16,000+ students. Approximately 35,000 undergraduate students in total.
- A folder was kept for each student containing information such as grade reports, academic progress plans, and various 'notes'.
- The folder did not contain all needed information when advising. Advisors had to access several systems, along with the folder, to have the complete student academic picture.
- UUD advisers are located across several advising centers across campus. Students can request advising at any location; however, the student's folder was housed in the center nearest his/her residence hall.

History of Advising at MSU

(cont'd)

- Upon admission to upper school, the student's folder was sent to the college, e.g. Arts & Letters.
- If a student changed majors, the folder was often given to the student to walk it to the new college.

- If a student wanted to explore a new major, the consulting adviser did not typically have access to the student's folder or other systems and, therefore, did not have a complete picture of the student's academic history.
- Students could “shop” around campus for different answers.
- Advisers were not always aware of what another adviser may have discussed with a student.

The Riot Begins: The Launch of ESAF

- In May, 2005, the Office of the Registrar (RO) began working on a new system, after discussion with UUD, leveraging the technology from several successful web applications.
- Numerous colleges, including the Directors of Undergraduate Student Affairs from several large colleges, were involved in defining system specifications, as well as testing of the system.
- By August 2005, the **Electronic Student Academic Folder (ESAF)** was launched with immediate success across campus.
- Several Colleges chose to implement the system fully in Fall 2005 and ‘go paperless’.
- Several demonstrations and ‘hands-on’ computer lab sessions were held, often to capacity crowds.
- In the first month:
 - 6,500 “folder” views
 - 148 different users logged in representing every college and major academic unit at the university
 - 3,500 notes saved

The RO Website

Home to...

- Academic Calendar
- Academic Programs

Student Rights Under the Family Educational Rights and Privacy Act (FERPA)

Pursuant to the Federal Family Educational Rights and Privacy Act (FERPA), the University has established policies governing privacy and release of student records. The University has designated certain personally identifiable information as directory information, which may be released at the discretion of the University to anyone who makes a request. Directory information has been defined as name, local address and telephone number, MSU Net ID, permanent address and telephone number, current enrollment status or dates of attendance, program level, class, major, current term candidacy for degree and/or teacher certification, information pertaining to awards and honors achievements, MSU degree(s) earned and dates, recommendation to the State of Michigan for teaching certificate and effective dates, participation in officially recognized MSU activities and sports—including weight and height of athletic team members, recognition documents of student organizations, employment status as a graduate teaching assistant or research assistant, office address, and office phone number.

A student may restrict the release of directory information by notifying the Office of the Registrar, 150 Administration.

Students have the right to inspect and review their education records; seek amendment of the records they believe to be inaccurate, misleading, or otherwise in violation of their privacy rights; consent to disclosures of personally identifiable information contained in their records, except to the extent that the law authorizes disclosure without consent; and file a complaint with the U.S. Department of Education concerning alleged failures of the University to comply with the law.

MSU's [Guidelines Governing Privacy and Release of Student Records](#) is printed in the [Academic Programs catalog](#).

What Every Student Should Know:

ESAF Guide

Guide drafted by an Advisory Committee of several key advisers from across campus.

The Guide includes:

- The Goal of the ESAF
- Note-Taking Guidelines
- When/How to Use the Note Feature
- Student Authorized Access Explanation
- Note Type Glossary

Student Academic Folder - Guide Main Menu

GOAL:
Using the Electronic Student Academic Folder (ESAF) will increase the amount of information available through electronic resources with the side benefit of reducing the need for paper usage. Each unit will determine the extent of use during the FS05 launch phase (FS05-US06) with the goal of campus wide launch by FS06.

NOTE-TAKING GUIDELINES:

- Every advisor/student contact (i.e. appointment, walk-in, email, phone, etc.) must be entered as a note.
- Make notes during or immediately after appointment. Ideally, you should make your notes in collaboration with the student.
- Notes should be comprehensive but succinct (see tips for note taking, TBD).
- If handouts are provided to the student, be sure to make a note in the advisor notes stating purpose, name of handout, etc.
- Where notes could clarify the purpose of the meeting, there should be a note for every note type checked.
- Use Glossary of Note Type Alert Box to determine the best note type to check.
- Degree substitutions/modifications **must** be done and noted in DN4; you may also note them in this system. Remember that substitutions/modifications are not part of a student's academic record unless they are done in DN4.
- Once a permanent note is saved in ESAF, it cannot be deleted.

PERMANENT NOTES:
Permanent notes are used to permanently record interactions with students and are considered the regular mode of note-taking when meeting with students. These notes are meant to document and therefore support the work of an Academic Advisor as the student moves throughout the University. Permanent notes also serve as supporting documentation in the event that advisors need to defend their actions. If you submit a note that has misspellings or is inadvertently placed in the wrong student file, while you cannot remove the note, you can submit a note that clarifies or amends the initial action. Only upon special request by the college office and in certain sensitive situations will the Registrar's Office correct or remove notes.

WHEN/HOW TO USE NOTE FEATURES:

- Submit Permanent Note: Use a Permanent Note when you want to finalize documentation of a conference. This cannot be deleted once submitted. It will remain as a permanent part of the student's academic record.
- Submit Prep Note: Use a Prep Note in preparation for future meetings with students. After submitting a Prep Note, retrieve the Prep Note from the main page at the time of the student conference. Once note is completed/revise, save as a Permanent Note. Prep notes are deleted from the system after 90 days if not saved as a permanent note.
- Temp Note in My College: Use Temp Note in My College when multiple individuals within your college make decisions that may impact an individual student and the information is college specific. The notes are not viewable by anyone outside of your college and will be deleted after one year if not submitted as a permanent note.
- Send Copy to Student: This feature allows you to send a copy of your notes to the Registrar's Office

Student Academic Folder - System Access Main Menu

Your authorization college is: Broad College of Business
You have access to the following department(s): All

If you are a college or department administrator and need access to this system contact your [college security administrator](#).

Note: Most information generated in this system comes from the SISInfo database. The SISInfo database is a reporting database populated after each business day with Admissions, Enrollment and Academic History data from the Student Information System (SIS) database. SISInfo only contains data for students attending classes within the past two years.
It is **assumed** that users of this system have completed [SIS training](#).

Student ID Image Policy

In accordance with the guidelines put forth under the University's administrative ruling governing the release of student data, and the University Committee on Security and Confidentiality, student digitized images are to be considered confidential data.

As such, student digitized images are provided to appropriate University personnel for these specific purposes: inclusion in various academic processes (e.g. personalized homework assignments, personalized examinations, etc.), for student face/name recognition (e.g., a seating chart), or, for inclusion in an adviser file.

The following requirements must be understood and adhered to:

- Images will only be used for one of the above purposes.
- Images will not be re-transmitted, shared or otherwise reproduced.
- Images will be purged at the end of the term, or other shorter time period.
- If individual students request their images not be used, such requests will be honored.
- If images are used for identification purposes during exams, provisions will be made such that the photo is always separated or detached from the exam itself before grading (preferably by the student or in the student's presence).

By using the Student Report to view the Student Image, you are held responsible for adhering to the above policy.

Student Authorized Access

- Advisers can access the folder of a student not affiliated with the college, department, or major of which they have security access by providing several identifying points of data.
- The advisers must have the student's permission.
- Access to the folder is logged and only available for the current advising session.

Student Academic Folder - Student Authorized Access		Main Menu
Jane Spartan, Broad College of Business	Friday, 6/23/2006	
About Student Authorized Access		
Accessing a student's academic folder through this method should ONLY be used if a student is not in your <u>system access</u> and is sitting in front of you requesting an advising session.		
If a student does not wish to give you the requested information below, you will not be able to access the student record.		
<i>Each and every</i> attempt to access a student's academic folder through this method is recorded and logged for security and audit purposes.		
I HAVE THE STUDENT'S APPROVAL TO ACCESS HIS/HER ACADEMIC FOLDER <input type="checkbox"/>

Confidential Messages

Using the Confidential Message Board: A method of sending secure, confidential messages to students.

- Student receives email stating “A Confidential Message is waiting for you.”
- Student logs in to a secure application on the RO web site to access message. Students should be comfortable with the RO site.
- Once student accesses the message, the ‘Date Read’ is recorded, allowing the adviser to see that the student has received the message.
- If message not ‘read’, reminder sent one week later.

Student Academic Folder - Confidential Messages				Main Menu																																					
Jane Spartan, Broad College of Business			Friday, 6/23/2006																																						
<p align="center">About Confidential Messages</p> <ul style="list-style-type: none"> ♦ Students are notified that the Registrar's Office has a "confidential message" waiting for them. The students are asked to log into a secure site where they can read the confidential message. The system tracks that the student has read the message. This does not guarantee that students will access and read their message(s). ♦ Messages cannot be edited or deleted once in the confidential message system. ♦ A dash in the date read field means that the student has not logged in and read the message. ♦ If a student has not read the message one week after the message date, one reminder message will be sent.

2815	12/28/2004	<p>Dear Sparty Student,</p> <p>We have been notified by your instructor(s) in MTH 103 that your performance to date in this course suggests you may earn a final grade of less than 2.0.</p> <p>We strongly recommend that you:</p> <ul style="list-style-type: none"> * see your instructor to discuss your situation and follow the advice you receive. * attend all classes. Review class notes soon after class to reinforce what you have learned. * study your notes and do your homework every day. <p>If you still have questions, seek assistance from help rooms, teaching assistants, etc.</p> <p>If you have problems in more than one course or problems of a personal nature, discuss them with your advisor immediately. Your advisor will refer you to sources of assistance. If you do not know your advisor, call the Undergraduate University Division (UUD) at 355-3515.</p> <p>Sincerely June Pierce Youatt Assistant Provost for Undergraduate Education</p>	12/28/2004	APR_FEWS

Student Academic Folder - Degree Reports Main Menu

Jane Spartan, Broad College of Business Friday, 6/23/2006

About Degree Reports

- These reports are generated from extracted [Degree Navigator](#) data.
- The degree data is updated each night as needed, based on changes to the student academic and degree records.
- Notes regarding degree requirements, such as substitutions, must be made in [Degree Navigator](#) and will appear here the next business day.

Name	Spartan Student
PID	A12345678
Level Class	UN 3
Major	1267-Finance

Degree Report Type

- Summary** - Summary of degree requirements only
- Courses Applied** - Listing of only those requirements where courses have been applied
- AOP Courses Applied** - Print Friendly version of Courses Applied report. Provided to students with transfer credit at AOP. Includes listing of transfer credit by institution per SIS.
- Incomplete Requirements** - Listing of only those requirements not yet complete
- Full** - Includes all requirements, descriptions, and courses (used and not used)

My Prep Notes/APPs

- Advisers can access their saved Prep Notes and APPs through the system main menu.
- Saved preps can be accessed and submitted to folder or deleted.

Student Academic Folder - Prep Notes/APPs Main Menu

Jane Spartan, Broad College of Business Friday, 6/23/2006

About Prep Notes/Academic Progress Plans (APPs)

- ♦ The following are Notes or APPs that you have submitted as 'Prep'. The Note/APP is not available to anyone else while in the 'Prep' status.
- ♦ After 90 days, if the Note/APP is not submitted to the student folder, the Note/APP will be deleted.
- ♦ Notes regarding degree requirements, such as substitutions, must be made in [Degree Navigator](#).
- ♦ While students do not have direct access to this system, please be aware that a student can, at any time, request his or her student records from the university per [FERPA](#). This system is a part of the student record and, therefore, any notes in this system would be made available to the student.

Click on the Student PID or Name of the Note/APP you wish to edit and submit to the student folder.

Student Academic Folder - AOP Lists

Jane Spartan, Broad College of Business Friday, 6/23/2006

Instructions:
 You must select a **semester** and a **college - department** value. By leaving all other selection boxes alone, you will retrieve all students for a given semester for the college-department selected.

To limit the student population generated, select/enter values in the selection boxes below.
 To select consecutive values in a list, hold the 'shift' key down while clicking with your mouse.
 To select non-consecutive values in a list, hold the 'ctrl' key down while clicking with your mouse.
 To un-select a value, hold the 'ctrl' key down while clicking the selected value with your mouse.
 To view the list of students, click the submit button at the bottom of the page.

Information generated by this system comes directly from SISINFO

The
Whether the email account has been activated is noted in the data below (see the 'Email Active' column).
If a student's email has not been activated, the message will wait in the student's inbox until activation.

Degree Audit

- In 2006, MSU implemented a “results” database, containing Degree Navigator audit results.
- Combining information from the results database and SIS enabled MSU to build an automated degree audit and certification system, now being piloted with one of the colleges for Spring 2007.
- Advisers, at their request, still put the final stamp of approval (conferral decision) on the student’s degree.
- If data attributes stay within guidelines (GPA above the minimum, No In Progress courses fulfilling requirements, etc.), the degree is automatically conferred at the end of the term.
- Advisers can run problem reports, such as a report showing students who did not successfully complete a course, leaving a requirement unfulfilled.

Degree Audit

- Advisers select students to review via a report interface.
- Decisions are entered, with space for comments.

[Degree Audit Overview](#)

You must select an **Award Term** and a **College - Department** value. By leaving all other selection boxes alone, you will retrieve all students for a given Award Term for the College-Department selected.

To limit the student population generated, select/enter values in the selection boxes below.
To select consecutive values in a list, hold the 'shift' key down while clicking with your mouse.
To select non-consecutive values in a list, hold the 'ctrl' key down while clicking with your mouse.
To un-select a value, hold the 'ctrl' key down while clicking the selected value with your mouse.
To view the list of students, click the submit button at the bottom of the page.

Information generated by this system comes from **SISINFO** and [Degree Navigator](#).
Degree data is updated each night as needed, based on changes to the student academic and degree records.

SIS=APPL / DN=Not Done / No Decision
SIS=APPL / DN=Not Done / DA=CONF
SIS=APPL / DN=Any / DA=Any

Generate Predefined Report

Degree Audit

- It's a little more complicated than that...

System Statistics

- 550 active users in 23 major academic and administrative units
 - 268,000 folders accessed
 - 85,000 notes
 - 12,000 APPs (since Jan 06)
 - 113 signatures
 - Copy to student
 - 36,700 notes
 - 6,100 APPs
- ↪ 92+% of copies read

Campus Impact

- **Paper:** UUD has gone completely paperless and greatly improved turn-around time in student services at multiple locations across campus.
- **Environment:** The College of Business was able to remove eight 5-drawer file cabinets and completely renovate the Undergraduate Advising Center into a more relaxing, inviting location.
- **Communication:** Communication Arts & Sciences sent all end-of-term warning letters to students via the ESAF's confidential message board. This not only gave advisers the ability to track message receipt, but the speed in communication gave students more time to work with advisers prior to the next term.

- **Efficiency:** Information can be accessed more easily in the ESAF than in hard-copy folders. Most, if not all, information is in one location. “We can concentrate on more ways to serve students.”

Campus Impact (cont'd)

- **Consistency:** The electronic folder 'follows' the student throughout his/her academic career, increasing consistency in advising.
- **Awareness:** The ESAF improved FERPA awareness and compliance, bringing further clarity to what constitutes a student's education record.
- **Even the Toughest Critics:** Many advisers were against going electronic (not as efficient, won't have everything I need, etc.). However, after many 'just tried it once', they never left.
- **Nothing is Perfect:** There have been amazingly only a few complaints: system time out, screen size limitations.
- And of course, additional feature requests...

Future Plans

- Degree Audit...launching in Spring!
- Degree Data Query Builder
- Additional forms, e.g. Probation Conference Worksheet

- Integration with other units and their forms, such as Study Abroad
- Stylized text, spellchecker
- System 'tweaks', e.g. being able to 'copy' another adviser on a note
- ???
